

AMENDMENTS TO THE DRAWINGS:

Replace the drawings previously in the case with the accompanying new set of drawings.

REMARKS

New drawings are submitted herewith, in lieu of the originals. The new drawings differ from the previous drawings, only as to Figure 3D, in which reference numeral 32b has been changed to 32.

Corresponding changes in the specification now ensure that the specification and the drawings are consistent as to elements 30 and 32.

Other needed changes in the specification and claims according to the Examiner's valued instruction are made herewith, and in other needed ways.

Suffice it only to say that the reference numeral 200 is shown at the right of Figure 1 and at the lower right of Figure 7.

The indication of allowability of claims 75-90 is noted with thanks. Accordingly, the subject matter of claim 75 is added to claim 61, thereby placing claim 61 in condition for allowance and with it the claims that depend therefrom. Of course, claim 75 is canceled as redundant of thus-amended claim 61, and the dependency of the claims subsequent to claim 75 is appropriately changed.

As this amendment seeks only to place the application in condition for allowance with claims previously indicated to be allowable, it is not believed to be necessary to discuss the cited references at this time.

In view of the present amendment and the foregoing Remarks, therefore, it is believed that this application has been placed in condition for allowance, and reconsideration and allowance are respectfully requested.

The Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 25-0120 for any additional fees required under 37 C.F.R. § 1.16 or under 37 C.F.R. § 1.17.

Respectfully submitted,

YOUNG & THOMPSON
